## Description

Jane Lead preaches about the revelation of the Spirit of Power and Life bringing forth a Treasury of Light and Knowledge from the Eternal Light, generating matter and renewing all of God's creation. She emphasizes the importance of keeping this Sacred Fire pure and unquenched in order for it to manifest the Holy Trinity's presence on Earth, fulfilling prophecies and bringing about a complete Redemption through a Fire-Baptism experience that each individual must undergo to be restored to original purity.

## Transcript

The next Morning calling it over again, and observing the way, which the Spirit dictated, as the Fish into the Sea did sink to bring up the Treasury of Light and Knowledge, which was hereby found Being explained unto me by an internal Voice, which told me, that I had seen the gulf of Eternal Light, from whence the matter was generated. This Spirit of Power and Life, that shall enter into Nature all of God to renew evidently, where this shall have its opening, it will work consumingly, and yet therefrom shall come a Body of encrease, that shall be mighty upon the Earth.

For it is the sparkling Fire-Seed from the Deity, that will for it self create a meet Tabernacle for the Holy Trinity's manifestation. Then was it declared that this Sacred Fire had now begun its enkindling in our Earth, therefore have regard unto it, that nothing of this World quench it, but keep it pure and entire, and then the Deity will sprinkle that with Fuel: For its great encrease shall be brought forth substantially, into working Powers, operatively to make good and fulfill all of Propheisie; which only the sure Testimony can give, that God is again returned into Humanity, therein to fulfill the grand Mystery of a compleat Redemption.

Which no other way finished can be, but through this Fire-Baptism, which each one may and must feel in themselves, as a rising pleasant Flame, which will do no other hurt, but to consume that, which hath been introduced from the strange Spirits. Therefore let us seek and pray earnestly for this Coelestial spring to

rise, for to recover us into the original Purity, to which we have lain so long as slain.
