## Transcript

You will not be sitting on this chair, nor be living in your house, nor I will. And this is what the Lord used to change my life 25 years ago. The Lord said to me, Son, what does it matter? The only thing we will take with us, it's going to be souls of men and women and children all over the world.

And that's the reason why I cry out and say, please become authentic. Stop and walk away from this superficial plastic self-centered Christianity and the church which is all about us. Because there's a world out there, in India, in China, in Bhutan, Bangladesh, in Albania, Mongolia, all, you know what, they are crying out like the women at the river Ganges saying that, we don't, we do not know, tell us.

And our commitment is somehow telling people, hey listen, you can pray, you can join in in taking the gospel to the lost world. Brother KP, I concur and I just, I commend you in what you're doing. I feel compelled to read these words again because I just, I beg you to hear the heart of God.

I beg you to consider the issues, I beg you to think about the woman whose child has perished because of lies and deception and the false religion that binds the hearts of millions and millions and even billions of souls in this world. I beg you to consider the issues and remember that He is our God. We are the people of His pasture and the sheep of His hand.

Today, if you will hear His voice, harden not your heart. I want to appeal to you to call the number on our screen and request a free copy of this book, Revolution and World Issues. I beg you to call because if you

read this book, you will find the heart of God for the lost.

If you need to be revitalized in your own spirit because you've grown cold, you're so connected to this world, you're so attached to this temporary passing world and you recognize it, you know it in yourself, you know you're more focused on your car payments and your mortgage and the next thing you want to buy, the next trinket, bottle or toy you feel you have to have. Please, take just a moment and think about the woman who began her journey, whose child has perished because of deception that fills the hearts and minds of people in so many broken nations. This book by my brother, Dr. J.P. Owen, *Revolution and World Issues*, will touch you and change you.

I dare you to request this book because I promise you it will change you. Titus has answered God's call to preach the good news with the only transportation available to him, his legs. First, he must walk down that side.

Three kilometers later, he comes to the place where the world, along with any knowledge of the gospel, ends. It's 3.5 kilometers more to the village. No roads, no alternatives, straight up, often just a simple footpath to use as a trail.

His lungs will burn, his legs will ache, but the path will be tried. He will face these difficulties day after day because the Lord's call will be given.
